

Press Note

Students of B.Ed, University of Ladakh (Leh Campus,) created G20 Presidency Logo with Earth Art

The G20 presidency logo featuring earth art has been created by using natural elements such as soil, rocks, and plants by the students of the B.Ed Programme of the University of Ladakh, Leh Campus on 15.03.2023. The team of students worked tirelessly for two days to create a stunning design that captures the spirit of the G20 community and the importance of environmental sustainability.

The G20 presidency logo with earth or land art is a powerful symbol of the need for international cooperation in tackling environmental issues such as climate change and biodiversity loss. It serves as a reminder that the future of our planet is in our hands, and that we must work together to protect it for generations to come.

The Hon'ble Vice Chancellor, University of Ladakh visited the G20 presidency logo created through earth art by the students of the university. During the visit, the Vice Chancellor met with the students involved in the creation of the logo and commended them for their hard work and dedication. "I am extremely proud of our students and the amazing work they have done in creating the G20 presidency logo with earth art," said the Vice Chancellor".

The students involved in the creation of the logo expressed their excitement and pride in being able to contribute to such an important initiative.
